

## Team Extreme Marine

### *Offshore Racing Team*

### Sponsorships Available

Sponsors are needed for a prominent new **Factory 1 Offshore Powerboat Racing Team**. Team Extreme Marine announces the debut of a new Factory One offshore race boat. The 29' Extreme Factory One racer is the open cockpit model of the undefeated World Champion Super V Lite boat #1 Extreme / Vortec.

This boat promises a very exposed year for the 2004 season on nationally televised races with a lot of coverage expected in television and magazines.

- Sponsors are provided with "Team Extreme" race shirts along with advertising at APBA Offshore races.
- Tax benefits are possible with your sponsorship.

Team Extreme is a very experienced offshore race team with years of experience in the offshore racing fields.

Mike "Gordo" Gordon / Driver, of Shawnee, Kansas has been racing offshore power boats since 1994. Mike has earned numerous wins with his Factory 1 race team, "One Vision Racing" as well as other wins and top three finishes in P- 4, Outlaw A, Factory 1, Super V Lite and Super V. He won the A class National Championship for 2004 and took second place in the 2004 World Championships in Orange Beach, AL. Mike has been a Firefighter / EMT for the Shawnee, Kansas Fire department for the last 13 years.

Gary Deciucies / Throttles, of New Port Richey, Florida has been racing offshore powerboats since 1997 and has been a Crew Chief since 1992. He was a General Motors test driver for the GM Vortec engine. He has been the driver of the World Champion Super V Lite boat "Extreme/Vortec" for 3 years. Gary has many offshore wins in many different classes. Gary's rigging and testing skills put "Extreme / Vortec" to the undefeated World Champion Super V Lite title in the 2003 APBA Offshore race season along with 2002 and 2003 World and National Championships entering him into the Hall of Fame awards for APBA.

Dave "Wardey" Warden / Owner / Driver, of Palm Harbor, Florida has been active in offshore power boating and offshore powerboat racing since 1990. He has been an active crew member for the World Champion Super V Lite Team, "Extreme / Vortec" since 2000. He raced the "Vortec/Cigarette" boat in 2001 and placed third in the World Championships in Key West, Florida in P-5 class. Dave has been involved with the building and promotions for the new 29' Extreme F1 race boat. He is President / Owner of Extreme Marine of Tampa Bay, Inc. the exclusive dealer for World Champion "Extreme Powerboats".

To obtain a sponsorship placement for this up and coming World Champion offshore race boat, please contact us at the address provided and please visit our website from time to time to keep current with this venture.

Sincerely,

Dave Warden
